EQUIPMENT DESIGN + MANUFACTURE

LED Goal STD-000057-0002

Linear lighting system, for Museum, Gallery and Retail display lighting.

Product Description

The LED Goal is a linear profile designed to provide illumination for Museum, Gallery and Retail applications when wall mounted or library/ reading room applications when vertically mounted. A soft diffuse light is provided via a customised frosted diffuser. The product includes tilt rotation and a discreet locking system. The product length and height can be specified and longer lengths can be manufactured using additional modules and supporting legs.

There are typically 2 x apertures per metre.

Key Features

- Sustainable construction: made from recycled aluminium.
- Both the length and height can be specified.
- High and Low output options available with a custom frosted diffuser for a soft lit effect.
- Advanced dimming options: DALI, 0-10V, DMX and Wireless dimming, down to 0.1%.
- High-performance lighting: Up to 90 CRI LEDs.
