Plug-In Surf S Channel
STD-000053-0006

Compact lighting system for Museum, Gallery and Retail displays.

Product Description
The Surf S Channel is a versatile linear system, hosting individual plug in points for miniature Surf S Plug in spotlights. Adjustable and highly efficient miniature fixtures designed to provide precise illumination for Museum, Gallery and Retail applications. Constructed from precision-machined recycled aluminium, the system features an anodised finish for enhanced durability and aesthetics.

Key Features
• Sustainable Construction: Made from recycled aluminium with a long-lasting anodised finish. Specialist finishes available on request.
• Length and number of plug in points can be specified.
• Fixed interchangeable optics available ranging from Very narrow to Wide Flood to elliptical beam options.
• Lockable Tilt and Pan mechanisms.
• Advanced Dimming Options: DALI, 0-10V, DMX and Wireless dimming, down to 0.1%.
• High-Performance Lighting: Up to 97 CRI LEDs

Blanking plugs must be fitted when a Plug-in Surf S Head is not plugged in to complete the circuit and blank off the socket.
