Micro lighting fixture for Museum, Gallery and Retail displays.

### Product Description

The Protozoa Track single is a compact adjustable and highly efficient micro fixture designed to provide precise illumination for Museum, Gallery and Retail applications. With its precision made glass Zoom lens, allowing for beam adjustment from very narrow to wide flood. Compatible with 48V Stucchi Multisystem EVO track, this spotlight includes integral dimming control gear.

### Key Features

- Sustainable construction: made from recycled aluminium with a long-lasting anodised finish. Specialist finishes available on request.
- Adjustable beam angles with innovative glass Zoom optics.
- Advanced dimming options: DALI, 0-10V and Wireless dimming, down to 0.1%.
- High-performance lighting: Up to 90 CRI LEDs.
